Strap On - Butterfly Stimulator | Soft jelly

R471.00

This hands-free stimulator is designed to fit comfortably over and in the vagina while being held securely in place by two elastic leg and waist straps that adjust to accommodate most sizes. Shaped like a butterfly, the translucent purple jelly vibrator delivers direct clitoral stimulation by way of the "nose" area while providing powerful internal stimulation through a 3-inch penetrating probe. This vibrator is small and discreet and can even be worn under loose fitting clothing in public or at night in front of the TV or in bed!! This is an ideal sex toy for those cold and lonely nights and best of all you can keep your hands under the blankets! Butterfly Stimulators (also known as butterfly sex toys) are quite unique as sex toys in that they are worn just as you would wear panties. When you turn them on the vibrations massage your clitoris bringing you to orgasmic heaven.
